

**ES 451 – Internship II (Lab)**  
**Department of Exercise and Nutrition Sciences**  
**Fall 2024**

**Class location:** TBD

**Format:** LAB

**# Credits:** 12-Credits

**Prerequisite(s):** All course work for the BS Degree in Exercise Science, including electives. CPR and First Aid Certifications, HIPPA, Universal Precautions and Annual Health Update form.

**Instructor(s) of Record:** Rebecca Begalle, PhD, ATC, CSCS, PES – ES Clinical Director

**Office:** 120 Sherman Hall

**Phone Number:** 716-829-6785

**Email:** rbegalle@buffalo.edu

**Office Hours:** By Appointment

---

As a student in this class, you are responsible for knowing all of the information in this syllabus. Please take the time to carefully and thoroughly read over the entire document and then ask questions that you may have about the schedule, course policies, etc.

## 1. Course Description

This course is the second in the Internship sequence and is designed to enhance the skill development and acquisition component of the Exercise Science curriculum by providing students with the opportunity to gain hands on experience in a professional setting. There are no formal class meetings. You are required to notify me regarding your site acceptance and expected to keep me informed of your progress through UB Learns course work.

Students must register for twelve (12) credits of ES 451 – Internship II. To fulfill the requirements for ES 451, students are required to work full-time for 12-16 weeks (40 hours/credit hour) for a total of 480 hours. Students enrolled in ES 451 cannot resign or withdraw from the course without permission from the course instructor. All assignments must be completed before a grade will be awarded.

**Course Rationale / Relationship to Curriculum Design:**

The internship is intended to provide the student with hands on, practical experience. It gives students the opportunity to take the knowledge acquired in the classroom and apply it in a real-world setting.

## 2. Course Objectives, Competencies, Instructional Method(s), Assessment Methods

### ES Program Learning Outcomes (PLO)

1. Demonstrate comprehensive knowledge of essential principles and vocabulary of exercise science.
2. Apply scientific knowledge to improve human health, fitness and performance.
3. Demonstrate entry-level skills as an exercise science practitioner.
4. Students will demonstrate professionalism and commitment to evidence-based practice and prudent-decision making skills
5. Display competence in oral, written and digital communication skills.
6. Demonstrate effective teamwork and interpersonal skills in working with clients, supervisors and professional colleagues.
7. Demonstrate critical thinking and analytical skills to a variety of scenarios relevant to practice as an exercise science professional.

| Objective   | Program Learning Outcome | Instructional Method(s)   | Assessment Method(s)  |
|---|--------------------------|---|---|
| <b>Acquire team participation and conflict management skills.</b>                                       | 4                        | Participation in internship experience.   | Final Evaluation by Site Supervisor                                 |
| <b>Demonstrate professional ethics and personal integrity.</b>  | 4, 5                     | Participation in internship experience. Abiding by the requirements outlined in the syllabus and Clinical Policies & Procedures manual. | Evaluation by site supervisor and clinical director.                |
| <b>Apply and expand knowledge and skills acquired in the academic program to professional practice.</b> | 4, 5, 6, 7               | Participation in supervised internship.   | Internship assignments. Supervisor evaluation of student.           |
| <b>Demonstrate knowledge and skill in using self-evaluation instruments and in problem solving.</b>     | 7                        | Participation in supervised internship.   | Internship assignments of weekly logs, project for internship site. |

## 3. Textbooks, Equipment, Required Technologies

| Resource                               | Required | Notes                      |
|--|----------|----------------------------|
| UB Learns Brightspace                  | Yes      | Please see Hyperlink below |
| Typhon AHST Clinical Tracking Software | Yes      | Please see Hyperlink below |

#### Resource Hyperlinks:

[UB Learns](#)

[Typhon Group](#)

[Internship Policies and Procedures](#)

#### UB Learns

- Access to the UB Learns course site (ES 451) is necessary for completion of most assignments, apart from time logs and evaluations.

#### Typhon Group Clinical Tracking Software

- Each student is manually added by the Clinical Director, which will prompt Typhon to send a “SLAP – Student Login and Password” email. This email contains a temporary password to allow the student to login initially.
- Training and instructions on how to use Typhon are included in the Policies & Procedures Manual, UB Learns, and in ES 450.
- This software is used for all Time Logs and Evaluations by Supervisors and Students.

#### [Technology Recommendations](#)

To effectively participate in this course, regardless of mode of instruction, the university recommends you have access to a Windows or Mac computer with webcam and broadband. Your best opportunity for success in the blended UB course delivery environment (in-person, hybrid and remote) will require the minimum capabilities listed within the [Minimum Computer Recommendations for Students](#).

#### [Course-Related Fees](#)

No fee is assigned directly to this course. However, a one-time clinical course fee of \$90 is assessed when students reach the upper division (ES 442) to gain access to the Typhon AHST Clinical tracking software.

#### [Getting Help](#)

- [UB Learns Contact Form](#) : After this form is submitted, a member of the UB Learns support team will follow up with you within one business day. For support resources access the [UB Learns for Students resource page](#).
- [UBIT Ticketing System](#) : Use this ticketing system to request support with your UBIT Name, connecting to UB’s networks, installing software, and computer troubleshooting.
- [UBIT Alerts Page](#) : UBIT Alerts informs the University at Buffalo community about information technology service outages and scheduled maintenance.
- CIT Help Desk Contact: call: 716-645-3542, or email: [cit-helpdesk@buffalo.edu](mailto:cit-helpdesk@buffalo.edu)

- Access the [UBIT resource page](#) for service guides, support contact information, UBIT Alerts, and IT Policies.

## 4. Course Learning Activities

### PRE-COURSE REQUIREMENTS:

#### Student Acceptance Agreement

The Student Acceptance Agreement ensures that clinical site supervisors and students receive clear communication regarding their roles and responsibilities. This is the formal contract between you and your Internship site supervisor. Due dates are listed in the P&P Manual (Fall (8/1), Spring (12/1), Summer (5/1)).

- Clinical Site offers student an Internship.
- Student responds to the site supervisor with a professional email to accept / decline the position within 48 hours.
- Accept Internship - Send the Student Acceptance Agreement to your Supervisor to read, sign, and send back to you within 48 hours.
- Student signs the Student Acceptance Agreement
- Student submits to the Clinical Director

#### International Students - Official Letter of Acceptance:

International students are required to obtain work authorization, called Curricular Practical Training (CPT). As part of this process, you will need to ask your Internship Supervisor to submit an Official Offer Letter to International Student Services on their company letterhead to accompany the Student Acceptance Agreement. The acceptance letter must include the following information:

- Start and end dates of Internship
- Location of the Internship
- Name of Internship Supervisor
- A statement about the number of total hours to be completed (480)
- Brief description of the tasks you will be completing

Please have the letter sent **prior to the beginning of the semester** you are registered for your internship to.

Detailed information can be found here: [International Student Services - Curricular Practical Training](#)

### ASSIGNMENTS:

#### **Due After Week #1**

**Site Information Form and Work Schedule** – (10 Points) Complete this assignment on UB Learns indicating your site information, location, supervisor, and planned work schedule. This is due by the first Sunday (11:59pm) after Week 1 of your internship.

**Professional Goal Sheet** – (25 Points) Complete this assignment on UB Learns. Set 5 actionable goals that you hope to accomplish by the completion of your internship and briefly describe. You should consider your strengths, weaknesses, interests, and needs when setting your goals. Discuss these goals with your site supervisor during the first week and make appropriate additions and revisions. They must be measurable goals! Think about how you will know if you achieved them. At the time of your midterm

and final evaluations, review if the goals were achieved or discuss reasons for not achieving them. This is due by the first Sunday (11:59pm) after Week 1 of your internship.

### **Due Weekly**

**Weekly Reflection Logs** (UB Learns) – (10 Points each x 15 weeks = 150 Points) This is a personal reflection of your weekly learning experiences. Reflect on learning-related incidents, new experiences, and growth obstacles. Every entry **MUST** include dates, times (in and out), total # of hours, and a brief description/reflection on your week's activities. Include people you worked with at the facility, general duties, responsibilities, and events. The Dates/Times and where you worked **MUST** be included to receive full credit. Logs must be submitted on time each week for full credit.

Example:

Monday, January 30<sup>th</sup>, 8:00-5:00pm – Today at clinical, ...

Tuesday, January 31<sup>st</sup>, 8:00-5:00pm – Today at clinical, ...

**Time Log Approval** (Typhon) – (10 Points each x 8 submissions = 80 Points) Daily time logs must be completed in the Typhon Group AHST clinical tracking software. You will enter the date, time in, and time out. The software program will calculate hours for you. Hours must be entered within 7-days of completion, the program will not let you enter them thereafter. Clinical supervisors should approve the hours at a minimum every 2-weeks of your internship. On time approval is worth 10 points every two weeks. If hours are not approved, students will receive a 0/10, if only one week is approved, students will receive a 5/10. Hours in your time logs should match the hours in your weekly logs and should accurately reflect the hours that you worked.

\*Note: Number of weekly submissions will vary dependent on when a student starts/ends.

### **Due Mid-Experience**

**Evaluations** (Typhon Group)

- Supervisor Evaluation of Student (Mid-Experience)
- Student Evaluation of Supervisor (Mid-Experience)

### **Due End-Experience**

**Evaluations** (Typhon Group)

- Supervisor Evaluation of Student (End-Experience)
- Student Evaluation of Supervisor (End-Experience)
- Student Self-Reflection
- Student Evaluation of Clinical Site

**Internship Project** – (UB Learns, 100 Points) The intent of the project is for you to take the lead on a valuable learning experience and to repay the agency for giving students the opportunity to participate in internships at their facility. The site supervisor should approve the project. You should use your expertise and that of the site supervisor to determine the type of project that would be beneficial and

appropriate. Projects can take on a wide range of “looks”. Choose a project that requires time, effort and thought on your part, and one that provides your site with something beneficial. Sample projects are included on the UB Learns course site for your review.

## 5. Course and Instructor Evaluations

Evaluation of this course and the Clinical Director are included in the Student Evaluation of Clinical Site (on Typhon). You will complete this evaluation at the conclusion of your Internship.

You will be emailed at the end of the term asking you to evaluate this course. It is your responsibility as a student to complete course evaluations in a timely and professional manner for continuous quality improvement of our courses.

## 6. Grading

| Course Learning Activities     | Due date               | Percentage |
|--------------------------------|------------------------|------------|
| Assignments                    | Weekly / Ongoing       | 40%        |
| Mid-Experience Evaluations (2) | Midpoint of Internship | 30%        |
| End-Experience Evaluations (4) | End of Internship      | 30%        |

Total: 100%

### Final Grade Determination

Grades will be determined based on the following. Grades are calculated to one decimal place.

| Grade Range | Letter | Grade Range | Letter |
|-------------|--------|-------------|--------|
| 92-100      | A      | 72-77.9     | C      |
| 90-91.9     | A-     | 70-71.9     | C-     |
| 88-89.9     | B+     | 68-69.9     | D+     |
| 82-87.9     | B      | 60-67.9     | D      |
| 80-81.9     | B-     | 0-59.9      | F      |
| 78-79.9     | C+     |             |        |

You MUST complete all assignments on UB Learns / Typhon Group to receive credit for this course. Late or incomplete assignments will affect your grade. Detailed grading information will be posted on UB Learns.

### Grade Disputes

If you wish to dispute the grade assigned on an any assessment, your dispute must be presented to the instructor IN WRITING within one week after the date when the grade is returned. You must include a specific rationale for why your answer is correct (e.g., a reference to a specific page in the textbook). Grade disputes at the end of the semester for past materials will not be accepted beyond the one-week period as indicated above.

## 7. Other Course Requirements

### Required Knowledge and Skills

As a student enrolled in this course, you should have access to a computer with high speed, broadband or DSL internet. Due to the nature of downloading and viewing rich media, dial-up connections are not recommended. You must have basic computer skills, such as word processing and some experience using the Internet. Check your internet capabilities before your class begins. More information can be found at [UBIT's Student Technology Guide](#).

### [Internship Policies & Procedures Manual](#) – **Please review PRIOR to starting Internship**

Note: Since the internship is a full-time commitment, students are encouraged to not take other classes during the internship. If you have an extenuating circumstance where you feel it is necessary to take another course (on top of your 12-credit internship), you MUST have prior approval from the Director of Clinical Education and permission (in writing) from your internship supervisor.

**Extremely important:** Everyone can encounter personal problems in their lives. Such an occurrence however does not release you from your responsibility to fulfill your commitment to this course and your sponsoring agency. If you experience a problem which will make you absent from your internship or unable to complete this course, **YOU MUST** contact your supervisor AND the ES Clinical Director so that we can jointly decide how to deal with the situation. This must be done immediately, not two weeks or two months after the fact. Failure to do so will result in a failing grade in this course.

### [Attendance](#)

While your attendance and participation are essential components of this course, it is critical that you follow public health guidelines. As such, any student exhibiting COVID-19 symptoms should not come to campus to participate in coursework. If you need to miss class due to illness, isolation or quarantine, you must notify the instructor prior to the start of the class period by email as soon as possible and no later than 24-hours after missing class. At that time, you are also expected to make arrangements to complete missed work.

## 8. Communication

Your UB email is the account I will use to send course-related materials.

**Email and Announcements (One to One and One to All):** You can use the course in UB Learns to email instructors or students under the Email tab.

### **Student to Instructor:**

Please send emails via UB learns and place the course number and name in the subject heading so it is easily identifiable as an email from a student about this course. Please sign your email with your UB person number. Emails should be written in full sentences and complete words as I may not be able to decipher shortcuts. I will make every effort to reply to emails within 24 business hours. If you do not hear back from me within 48 business hours, feel free to reach out again to make sure I received your email as email.

## 9. Policy Regarding Absences, Attendance, Assignments, and Exams

### [Class Participation](#)

The assignments associated with this course are structured for you to achieve success in your Internship. Participation and engagement are expected. In the case of exceptional circumstances that result in you missing clinical hours, contact the Clinical Director and Site Supervisor via email prior to the missed time. Missing work under these circumstances does not excuse you from any required assignments, all hours must be made up.

### Late Assignments

All assignments are due at the designated time and due date.

If there are circumstances that will preclude you from turning in assignments on the due date, it is imperative that you discuss the situation with the course instructor prior to the due date. Points will be deducted for late submissions.

### Exams and Final Exam

No Exams for this clinical lab course.

## 10. University Policy on Incompletes in Courses

### University Policy on Incomplete Grades

A grade of incomplete ("I") indicate that additional course work is required to fulfill the requirements of a given course. Students may only be given an "I" grade if they have a passing average in coursework that has been completed and have well-defined parameters to complete the course requirements that could result in a grade better than the default grade. An "I" grade may not be assigned to a student who did not attend the course. Prior to the end of the semester, students must initiate the request for an "I" grade and receive the instructor's approval. Assignment of an "I" grade is at the discretion of the instructor.

The instructor must specify a default letter at the time the "I" grade is submitted. A default grade is the letter grade the student will receive if no additional coursework is completed and/or a grade change form is not filed by the instructor. "I" grades must be completed within 12 months. Individual instructors may set shorter time limits for removing an incomplete than the 12-month time limit. Upon assigning an "I" grade, the instructor shall provide the student specification, in writing or by electronic mail, of the requirements to be fulfilled, and shall file a copy with the appropriate departmental office.

Students must not re-register for courses in which they have received an "I" grade.

Applicable dates regarding the 12-month provision:

- Courses taken in **Fall** will default in 12 months on **December 31**
- Courses taken in **Spring** will default in 12 months on **May 31**
- Courses taken in **Summer** will default in 12 months on **August 31**

The "I" must be changed to a grade before the degree conferral date if the students plan to graduate in that semester. At any time prior to the default date, students may elect to change the "I" grade to the default grade using the [Grade Retrieval Form](#).

A default grade can be "A-," "B+," "B," "B-," "C+," "C," "C-," "D," or "F." (If a student selected an S/U grading option, it will replace the default letter grade when the grade defaults.)

## 11. Accessibility Resources

If you have any disability which requires reasonable accommodations to enable you to participate in this course, please contact the Office of Accessibility Resources on North Campus in 60 Capen Hall, 716-645-2608, or on South Campus at 1 Diefendorf Hall, (716) 645-2608, and also the instructor of this course during the first week of class. The office will provide you with information and review appropriate arrangements for reasonable accommodations, which can be found on the [Accessibility Resources site](#).

## 12. Netiquette

This course may utilize UB Learns to facilitate online communication between course participants. Please keep in mind the following “Rules of Netiquette” when communicating online.

1. **The rules of the classroom are the same regardless of location.** Remember just because you’re interacting online, doesn’t mean you stop having respect for your professors, and fellow classmates. You’re communicating with a real person, not a computer screen.
2. **Remember your audience.** When communicating online it’s important to remember who you’re communicating with. When sending a message to a professor, please refrain from using “text speak”. For example, Shakespeare never intended for you to type “2B or not 2B”. Also, stay away from typing in all capital letters; it will appear as if you’re shouting.
3. **Avoid strong language.** Language can easily be misinterpreted in an online setting. Be sure to review your work before submitting, making sure the reader won’t be able to misinterpret it as strong, or offensive. Sarcasm doesn’t translate well online. Your audience can’t see your facial expressions, or body language. Try to be as straight forward and professional as possible.
4. **Read everything, twice.** Be sure to thoroughly read all course materials before beginning to work on your assignments. If you have a question, or need clarification, re-read the materials. You may have glanced over an important detail the first time. If you’re still having difficulties, then e-mail your professor.
5. **Review all materials before submitting.** When responding to discussion board posts, be sure to read all previous postings before you post your own. This way you won’t duplicate someone else’s comments. Also, it’s a good idea to write, and save your work in Microsoft Word first. In case of a technical issue, you have a backup copy.

## 13. University Policy on Academic Integrity

### Undergraduate Students

Academic integrity is a fundamental university value. Through the honest completion of academic work, students sustain the integrity of the university while facilitating the university’s imperative for the transmission of knowledge and culture based upon the generation of new and innovative ideas. For more information about policy and resources, refer to the [Office of Academic Integrity website](#).

### Graduate Students

Academic integrity is a fundamental university value. Through the honest completion of academic work, students sustain the integrity of the university while facilitating the university's imperative for the transmission of knowledge and culture based upon the generation of new and innovative ideas. For more information, please refer to the [Graduate Academic Integrity policy](#).

Students who are suspected of academic dishonesty will be dealt with severely in accordance with the University Policy. For more information, students are encouraged to review the [Academic Integrity Policy for Undergraduate students](#) or the [Graduate School's Academic Integrity Policy](#).

When an instance of suspected or alleged academic dishonesty by a student arises, it shall be resolved according to the Academic Integrity Policy procedures. These procedures assume that many questions of academic dishonesty will be resolved through consultation between the student and the instructor (a process known as consultative resolution).

For more information

It is recommended that the instructor and student each consult with the Academic Integrity Office and/or the Office of Student Advocacy for guidance and assistance.

Office of Academic Integrity  
255 Capen Hall  
716-645-2111  
[academicintegrity@buffalo.edu](mailto:academicintegrity@buffalo.edu)

### Examples of Academic Dishonesty

Academic dishonesty includes, but is not limited to, the following:

- **Aiding in academic dishonesty.** Taking action that allows another student to engage in an act of academic dishonesty including, but not limited to completing an examination or assignment for another student or stealing an examination or completed assignment for another student.
- **Cheating.** Includes, but is not limited to: (1) use of any assistance not authorized by the course instructor(s) in taking quizzes, tests or examinations; (2) dependence upon the aid of sources beyond those authorized by the course instructor(s) in writing papers, preparing reports, solving problems or carrying out other assignments; or (3) stealing tests or other academic material belonging to the course instructor(s).
- **Falsifying academic materials.** Fabricating laboratory materials, notes, reports or any forms of computer data; forging an instructor's name or initials; resubmitting an examination or assignment for reevaluation which has been altered without the instructor's authorization; or submitting a report, paper, materials, computer data, or examination (or any considerable part thereof) prepared by any person or technology (e.g., artificial intelligence) other than the student responsible for the assignment.
- **Misrepresenting documents.** Forgery, alteration, or misuse of any university or official document, record, or instrument of identification.
- **Plagiarizing.** Copying or receiving material from any source and submitting that material as one's own, without acknowledging and citing the particular debts to the source (quotations, paraphrases, basic ideas), or in any other manner representing the work of another as one's own.
- **Purchasing academic assignments.** Purchasing an academic assignment intended for submission in fulfillment of any course or academic program requirement.

- **Selling academic assignments.** Selling or offering for sale any academic assignment to any person enrolled at the University at Buffalo. No person shall offer any inappropriate assistance in the preparation, research, or writing of any assignment, which the seller knows, or has reason to believe, is intended for submission in fulfillment of any course or academic program requirement.
- **Submitting previously submitted work.** Submitting academically required material that has been previously submitted, in whole or in substantial part, without prior and expressed consent of the instructor.

### Artificial Intelligence

Advanced automated tools – artificial intelligence (A.I.) or machine learning tools such as [ChatGPT](#) or [Dall-E 2](#) that are sometimes described as “generative” or “autogenerative” tools – use sophisticated technology and very large data sets to create realistic writing, images, or other artifacts in response to natural language queries and prompts. They are very easy to use and some of their output is very difficult to distinguish from human-generated material.

**You are expected to read and adhere to these AI guidelines. If you do not, you will be sanctioned and the policy and consequences are listed below.**

### AI Policy: Use Not Allowed

Using AI can impede your learning. The assignments in this class challenge you to develop creativity, critical-thinking, and problem-solving skills that AI does not have. Using AI technology could limit your capacity to do this type of work, and as the instructor, I urge you not to miss out on the educational opportunities that this course will provide. As is the case for all courses at the University at Buffalo, work submitted by you for this class should reflect both your own *ideas* and your own *language* and you should properly cite any resources you have consulted. If you have any questions about citation or about what constitutes academic honesty in this course, please feel free to raise these questions in class and/or contact me to discuss your concerns.

### Course Copyright

All materials prepared and/or assigned by me for this course are for the students’ educational benefit. Other than for permitted collaborative work, students may not photograph, record, reproduce, transmit, distribute, upload, sell or exchange course materials, without my prior written permission. “Course materials” include, but are not limited to, all instructor-prepared and assigned materials, such as lectures; lecture notes; discussion prompts; study aids; tests and assignments; and presentation materials such as *PowerPoint* slides, *Prezi* slides, or transparencies; and course packets or handouts. Public distribution of such materials may also constitute copyright infringement in violation of federal or state law. Violation of this policy may additionally subject a student to a finding of “academic

dishonesty” under the Academic Integrity Policy and/or disciplinary charges under the Student Code of Conduct.

### [Consequences for Academic Dishonesty](#)

Academic dishonesty may result in a range of penalties, including a warning, a zero on the assignment, a reduction in course letter grade (e.g., an A- becomes a B-), failure of the course, suspension or dismissal from the college, and/or any combination of these or other serious consequences.

## 14. Additional Resources and Support

### [Student Success Gateway](#)

This is your one stop for UBs vast network of support resources that are available to all students. Access the [Student Success Gateway webpage](#) if you’re looking for academic support or personal support.

### [Student Handbook](#)

[This may not apply for all programs/departments] All students are required to read the student handbook for their respective departments. An online version is available on the ‘Information for Current Students’ page of your department website.

### [University Services](#)

Students enrolled in online education courses will have access to services traditionally provided in person, e.g. libraries, labs, academic advising, career services, accessibility services, and other student services as appropriate.

All existing applicable UB policies, e.g., grading, course evaluation, and admission criteria apply to all activities bearing UB academic credit, including online education. Read further about UB policies on the [Undergraduate Policies & Procedures webpage](#) or the [Graduate School’s Policy Library](#).

### [Software](#)

UB provides free licensing of major software packages for UB students including Microsoft Office. Visit the [UBIT Software resource webpage](#) for information.

### [My Virtual Computing Lab](#)

Learn how to access the most popular UB-licensed software in the Public Labs directly from your personal computer. These programs are served “from the cloud” and are available on or off campus at any time. With My Virtual Computing Lab, you can access: Microsoft Office, Minitab, SPSS, and more. To find more information, visit [My Virtual Computing Lab](#).

### [Library](#)

As a registered UB student you have full access to UB Libraries (<http://library.buffalo.edu>) and online resources available through the libraries. There are many full text article databases. There are resources available under “Get Help” → “Student Support” to assist you in using the library.

Michelle Zafron, MLS, Associate Librarian, is the SPHHP Librarian. She has offices at 109 Abbott Hall and is available by phone: 716-829-5746 and email: [mlzafron@buffalo.edu](mailto:mlzafron@buffalo.edu) and is available to help.

### [Health and Well-being](#)

As a student you may experience a range of issues that can cause barriers to learning or reduce your ability to participate in daily activities. These might include strained relationships, anxiety, high levels of stress, alcohol/drug problems, feeling down, health concerns, or unwanted sexual experiences. Counseling, Health Services, and Health Promotion are here to help with these or other issues you may experience. You learn can more about these programs and services by contacting:

### **Counseling Services**

120 Richmond Quad (North Campus), phone 716-645-2720  
202 Michael Hall (South Campus), phone: 716-829-5800

### **Health Services**

Student Health Center; 4350 Maple Rd, Amherst, NY 14226; phone: 716-829-3316

### **Health Promotion**

114 Student Union (North Campus), phone: 716-645-2837

### **Sexual Violence**

UB is committed to providing a safe learning environment free of all forms of discrimination and sexual harassment, including sexual assault, domestic and dating violence and stalking. If you have experienced gender-based violence (intimate partner violence, attempted or completed sexual assault, harassment, coercion, stalking, etc.), UB has resources to help. This includes academic accommodations, health and counseling services, housing accommodations, helping with legal protective orders, and assistance with reporting the incident to police or other UB officials if you so choose. Please contact UB's Title IX Coordinator at 716-645-2266 for more information. For confidential assistance, you may also contact a Crisis Services Campus Advocate at 716-796-4399.

In cases of emergency or if you feel you are in danger please contact the University Police at 716-645-2222.

### [Racial/Ethnic, Gender, Sexual orientation and other forms of discrimination](#)

The Office of Equity, Diversity and Inclusion (EDI) will speak with students confidentially to discuss concerns about classroom or workplace situations if you have experienced discrimination or harassment at 716-645-2266 or [the EDI Obtaining Assistance resource page](#) .

### [Food & Basic Needs Security](#)

Any student who faces challenges affording groceries or accessing sufficient food to eat every day may seek food support services through Blue Table at UB for free groceries to help off-set unanticipated hardship. Access the [Food Support resource page](#) for more information.

Students facing an unforeseen hardship (e.g., death in the family, victim of a crime or attack, loss of property, unanticipated educational expense), and believes this may affect their performance in the course is urged to contact their Student Advocate. Access the [Students' Advocate site](#) to learn more.

Student **emergency funds** seek to award grants to eligible students who are experiencing an unforeseen hardship that could impact their ability to remain enrolled in school. These funds may be used for items such as off-campus rent, utilities, transportation and childcare. Visit the [Emergency Funds site](#) to learn more.

## [Veteran Services](#)

Get the support you need and the benefits you deserve. We're here to help student veterans (and their dependents) achieve success while at UB. Whether you need help with your benefits paperwork, a connection to local and national groups that support veterans, or just someone to talk to, Veteran Services is here for you. To learn more, visit [the Veteran Services FAQ](#).

If you are a veteran, active-duty, in the reserves or National Guard — or if you are an eligible dependent — you may qualify for financial aid, educational student benefits, in-state tuition and other benefits that can help you pay for classes and get your degree. Visit the [Receiving your VA Benefits page](#) to learn more.

### **Contact Veteran Services**

321 Student Union (North Campus), phone 716-829-5586

Please use [this form](#) for Veteran Services inquiries and comments.

## [Course Access After the Semester](#)

At the conclusion of the semester your UB Learns courses are automatically removed from your 'My Courses' listing the day after grades are due to the University, unless your instructor requests extended access. If you need extended access to your course, contact your instructor. Course sites reaching the 12-month maximum threshold will be automatically removed from the system. UB Learns courses are listed with a code (i.e. 214123206). To Decode which are your "Current" courses: Digits 2 and 3 = Year (14=2014), Digit 4 = Month (1 = January – Spring 2018 course), Digits 5-9 = Registration Number.

## **16. Class Schedule**

This schedule is subject to revision due to unforeseen events. Any course schedule changes or additional readings will be posted on UB Learns and will be announced in class as time permits. Note: Additional required readings may be assigned and will be assigned at least one week prior to the class for which they are assigned.

| Week    | Topic / Assignment  | Description of Assignment  |

|      | <ul style="list-style-type: none"><li>○ Week 15 Time Log</li><li>○ Supervisor Time Log Approval</li></ul> <b>**Internship Project</b><br><b>**Final Evaluations</b> <ul style="list-style-type: none"><li>○ Supervisor of Student</li><li>○ Student of Supervisor</li><li>○ Student Self-Assessment</li><li>○ Clinical Site Evaluation</li></ul> | Time Log - Typhon         |

\*\* ALL final assignments are due the Sunday (11:59pm) night following the last Friday of classes. This equates to Week 15 of the semester.

NOTE: If you are completing a 16-week or 17-week Internship, the assignments items will continue through that number of weeks. All final assignments will be due the Sunday after your final week of hours.
